- Start thinking about applying to be apart of the GPSG executive committee

GPSG Elections

GPSG Reps vote on a new President, VP, and Treasurer this Friday!

Platforms for those running for GPSG President, VP, and Treasurer are now available on our website.
Although only GPSG representatives are eligible to vote, we encourage all students to read the platforms and reach out to their representative(s) and let them know which candidates represent them. A list of representatives for each department is found on our website. This link is also available at the top of this newsletter.

IU Student Government Elections

DON'T FORGET TO VOTE TODAY UNTIL 10:00 PM!

IU Student Government (IUSG) represents the voices of all 47,000 students to administrators and works to improve the student experience on campus. This spring, every IU Bloomington undergraduate and graduate student has the opportunity to vote to determine representatives for both the Executive and Legislative branches of IUSG for the following academic year. The link to cast your ballot is available on the homepage of our website and at the top of this newsletter.

GPSG Mixer

Active Graduate Students Program
