As IU prepares for an in-person Fall semester, graduate students have questions about how IU's COVID policies will affect us. Join our townhall to have your questions answered and to learn about the policies that apply to you as a student and an employee.

Dr. Carroll will update us on the latest developments in the pandemic and IU'S COVID-19 policy. Vice Provost Daleke will discuss the policies instituted to mitigate the effects of the COVID pandemic on students' academic progress, while Vice Provost Pavalko will cover policies that apply to graduate students in Student Academic Appointments and hourly positions.

Following these presentations, all three will be available to answer your questions.

More Welcome Week Events

Graduate Student Welcome & Networking Reception + GPSG Resource Fair

[RSVP HERE](#)

All IU graduate students and postdocs are invited to this welcome and networking reception, presented by the IU Libraries, the University Graduate School, and GPSG. Housing & job opportunity: Fraternity advisor positions

Graduate Students,
If you have not already secured housing for the upcoming year, perhaps you might be interested in a live-in advisor position in one of our fraternities on campus. Each fraternity is a private organization and may offer different stipends and benefits along with free room and board. Job descriptions also vary. If you are interested, please email your resume to me and I will forward to several fraternities that are still searching to fill this position. If you have questions about the position, please feel free to call me for more information.
